Our school initiatives are showing substantial progress toward our targets

After reviewing our 2016 Investing for Success agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Develop a whole school approach to support the teaching of spelling and student use in all learning areas.
- Develop a shared understanding of ‘data literacy’ and support teachers to effectively use data to inform targeted teaching.
- Develop teachers’ capability to embed feedback in the teaching and learning cycle.
- Provide education for parents of pre-Prep students to support the development of oral language and early literacy and numeracy skills.
